**Subject:** RE: Thailand Glyphosate

All,

I expect many of you have heard the news that Thailand has decided to reverse the ban on glyphosate. In other words, its regulatory status will remain unchanged, and use, import, sale, possession, and MRLs will continue status quo. Additionally, they have decided to delay the ban of paraquat and chlorpyrifos until June 1, 2020, rather than December 1, 2019. We are reaching out to our Post in Bangkok to coordinate next steps regarding travel, meetings, engagements, etc., and will stay in touch.

Best regards and Happy Thanksgiving,

**Jake Fagliarone**
